William Jennings Bryan Given an Ovation

INDICTED MAYOR WILL REACH NEW YORK TODAY

Rooms Reserved for Him at the Expensive Waldorf-Astoria Hotel as Before

MEANWHILE SAN FRANCISCO GRAND JURY IS AT WORK

NEW YORK, Nov. 22.—Mayor Eugene E. Schmitz of San Francisco, who is under indictment in that city for alleged extortion and who is on the steamship Patricia, which left Hamburg November 10, probably will reach this city early tomorrow afternoon.

A dispatch from Newport, R. I., tonight, said the Patricia was reported as having passed the Nantucket south shoals lighthouse shortly after 4 o'clock this afternoon.

Mayor Schmitz's name appeared on the register at the Waldorf-Astoria hotel tonight, but it was explained that this was owing to the fact that apartments have been reserved for him.

After Ruef Again

SAN FRANCISCO, Nov. 22.—The grand jury resumed its inquiry this morning into the charge that Abraham Ruef practiced extortion on the Belvedere, an O'Farrell street amusement and drinking place. A number of witnesses were present for examination.

Peter Duffy, who was arrested yesterday on a charge of perjury preferred against him by the grand jury, is still in jail. He spent the morning in the custody of a deputy sheriff endeavoring to secure the $5000 bonds and $2500 cash necessary to get him out.

No Indictments

The investigation into the extortion said to have been practiced in connection with the Belvedere, a resort on O'Farrell street, was completed today.

This afternoon the grand jury took up the matter of disorderly houses. It began by examining several persons who are interested in a resort on Pacific street, which, it is charged, was opened by arrangement with the administration.

No indictments were filed today.

RUBBER GOODS

There is no question but what we lead in Rubber Goods

In the buying of Rubber Goods you can't be too careful in their selection. We help you in this by offering you the very best made. We personally guarantee these goods.

Our stock is complete, Hot Water Bottles; Fountain Syringes, Bags, Invalid Cushions, Nipples, Tubing, Gloves, etc.

The Cann Drug Co

DAUGHTER'S PLUCK IS RECOGNIZED BY FEDERATION

MINNEAPOLIS, Nov. 22.—Because she went on the stump in behalf of her trade unionist father, who was elected to congress from a Pennsylvania district, Miss Agnes Wilson was called before the convention of the A. F. of L. this morning and presented with a solid gold, diamond studded watch and a huge bouquet of chrysanthemums.

Miss Wilson is the daughter of Congressman-elect William B. Wilson. Frank K. Foster of Boston made the presentation.

A resolution was offered by the Structural Iron Workers asking the federation to frame a bill providing for a revision of the tariff schedules on steel and iron products.

GASPIPE THUG PLANNED TO ESCAPE FROM POLICE

SAN FRANCISCO, Nov. 22.—That John Siemsen, the confessed murderer who is charged with slaying three men with pieces of gaspipe, has been planning to escape from captivity was the statement made today to Captain of Detectives Duke by Ralph Scanlan, who was confined with Siemsen as a murder suspect at the city prison.

Scanlan, who says he was afraid to give out the secret Siemsen had confided to him until he (Scanlan) was admitted to bail today, declared that it was Siemsen's intention to relieve any one who accompanies him to the hospital of his revolver. He would do this when they were near some automobile and then intimidate the chauffeur into driving him outside the limits of the city.

The story as told by Scanlan so impressed Captain Duke that in the future an extra guard will accompany Siemsen whenever he is taken from his cell.

INVESTIGATING FREIGHT RATES AND CAR SHORTAGES

SALT LAKE, Nov. 22.—J. T. Marchand and Judge Elmer E. Thomas, representing the inter-state commerce commission, arrived here today from Denver to investigate freight rates and complaints of car shortages.

It is officially stated that the Rio Grande Western will be the subject of the first inquiry. Fifty witnesses have been subpoenaed.

Bomb In Stamboul

CONSTANTINOPLE, Nov. 22.—A bomb outrage was perpetrated in the Pera quarter today. No details were obtainable as this dispatch was sent.

BELL TRUST TO ACQUIRE ALL TELEPHONE LINES

Giant Monopoly Will Purchase Nevada Systems and Make Extensions

WIRES TO LOWER STATE AN ADVANTAGE TO RENO

G. R. Bush's visit to the principal towns of Nevada in the interests of the American Bell telephone company, it is said, is the forrunner of syndicate control of all of the private lines in this State and the extension of wires through Reno to Carson and the Southern mining camps. Bush is general construction agent of the Pacific states telephone and telegraph company, a subsidiary concern of the Bell corporation. He was sent from San Francisco to inspect the different private lines here and report on the advisibility of acquiring this territory by the syndicate.

In Rayolite, Goldfield, Tonopah, Manhattan, Austin, Ely and Fairview the telephone service is furnished by private lines. The wires are carried only short distances across the country, consequently the service is not as good as it could be made.

The Bell telephone company has no wires at present east of Fallon and south of Reno the wires extend a short distance below Carson. An enormous amount of business is lost by the lack of facilities in this State. The southern towns have been forced to put in lines with private capital, but they can not get a message out of Nevada without sending it by telegraph. Realizing that the Goldfield business alone would pay for the other lines, the Bell company is said to be anxious to enter the field here.

Out of Salt Lake the Bell telephone company is building to the towns west of there. The ultimate purpose of the concern is to meet the wires from Reno and then a transcontinental system will be completed.

It is probable that the Bell wires from here will extend from Carson to Mina and then follow the Tonopah and Goldfield railroad to the latter camp. Interested people see a great commercial advantage for Reno in this move of the Bell telephone. It is expected that a large number of commodities will be sent southward when talking relations are established direct.

REJECTED SUITOR CUT GIRL'S THROAT IN MICHIGAN

ADRIAN, Mich., Nov. 22.—Miss Olla Bailey was murdered at her home in Holloway, Mich., today, by Joseph Elichs, a rejected suitor. He cut her throat with a pair of scissors and stabbed her to the heart with the same weapon.

The discovery of the murder was made by Miss Kelly's mother, who upon returning home from a neighbor's, stumbled over her daughter's body. The victim's throat had been cut apparently with a pair of scissors which were left sticking in the young woman's heart. Elich was arrested here tonight and confessed the crime, it is said. He had been paying attentions to the girl for some time and a few days ago she wrote him that she did not care to receive his attentions longer.

'STEVE' ELKINS SPEAKS IN DEFENSE OF THE SENATE

NEW YORK, Nov. 22.—The ambassadors of two world powers to the United States spoke at the annual banquet of the New York Chamber of Commerce at the Waldorf-Astoria tonight. They were Baron Speck Von Sternberg of Germany and Sir Henry Mortimer Durand, representing the British government. Senator Stephen B. Elkins of West Virginia in replying to a toast, said:

"In some quarters and in those not well informed, it seems fashionable to talk about the decadence of the senate. The decadence of the senate can only follow the decadence of the people and would mark a backward movement in the social condition, morals, intelligence and integrity of the people."

Senator C. M. Depew, who for months had not attended any public gatherings, was present.

No Hope For Collins.

SAN FRANCISCO, Nov. 22.—George D. Collins has been denied a writ of habeas corpus by United States District Judge C. E. Wolverton. The opinion was sent down here from Portland, Collins having submitted his petition to Judge Wolverton while the latter was sitting in the United States circuit court for Judge Morrow. Judge Wolverton holds that it is not necessary for the federal courts to interfere in Collins' case.

ORPHAN HOME TO BE ERECTED BY RENO LODGE

Rebekahs Plan Institution to Care for Destitute Children of Odd Fellows

MONEY FOR STRUCTURE IS PARTLY PROCURED

Rebekahs of Reno are procuring funds to build a home for widows and orphans of Odd Fellows in this city, the building to cost about $10,000. It is stated that the Odd Fellows are considering the donation of the Odd Fellows cemetery site as a location for the structure. The cemetery is situated a few miles west of Reno.

Mrs. C. E. Mack of 132 Island avenue, wife of Judge Mack, stated yesterday that he is chairman of the building committee, and that the sum of $4,000 has been procured towards the project. This amount was obtained by entertainments and sales in the fraternity.

The need of the home is augmented by the numerous charitable works in this State that are carried on by the Rebekahs. The establishment of such an institution here would be for the benefit of all Nevada, and members of the fraternity throughout the State would be eligible to admission.

CALVE SAYS EVEN IF SHE MARRIES SHE WILL NOT RETIRE

SEATTLE, Wash., Nov. 22.—Madame Calve is not to retire from the stage, as reported. In a cablegram from Milan to her manager, John Cort of this city, she says that, even though married, she will tour under his direction next season.

Mr. Cort has planned to present her in concert in the principal cities of America, beginning next September.

WASHINGTON, Nov. 22.—The navy department was advised today that the battleship Louisiana with President Roosevelt on board had left Ponce.

Legislation On Trusts Is Necessary Declares Famous Silver Leader

Enthusiastic Thousands Hear Address of Great Democrat Before the Commercial Congress

KANSAS CITY, Nov. 22.—Leslie M. Shaw, secretary of the treasury, and William J. Bryan, secured the lion's share of attention here today among a long list of speakers at the three sessions of the Trans-Mississippi Commercial Congress. All spoke on subjects relating more or less directly to the increasing of the commercial business of the country.

Mr. Bryan was appointed to head a committee of ex-presidents of the congress to escort Secretary Shaw to the platform and when these two distinguished public men led the way to the rostrum, there was great applause.

Shaw on Shipping

Secretary Shaw, who spoke particularly for a wider foreign market for American goods, made this declaration:

"If this country ever develops international merchants it will accomplish it by granting them encouragement, not alone by dredging harbors and deepening channels, but by insuring them a merchant marine in which to carry, under the most favorable terms, the products of our farms, our mines, our forests and our factories."

Secretary Shaw continued:

"Secretary Root has gone a step further than I propose to go in favor of a merchant marine. He commits himself to the ship subsidy idea. I do not say that I am in favor of a ship subsidy, but I will say that I am in favor of anything that will secure a merchant marine for the United States."

Ovation for Bryan

Mr. Bryan, whose subject principally concerned the commercial interests of the Mississippi valley region, was the sole speaker in the evening.

The crowd that greeted him was the largest of the congress, numbering 5000 persons. He was introduced by David R. Francis, president of the congress, and was given an ovation. Mr. Bryan said he felt very friendly toward the commercial congress because it was "the only body of which he was ever president." He made a strong plea in opening to have the next annual congress held in his home town, Lincoln, Neb.

Mr. Bryan presented the following resolution, which he asked be considered by the resolution committee of the congress at tomorrow's session:

To Hinder War

"Resolved, That this congress heartily endorses the resolution unanimously adopted by the Inter-Parliamentary union at its London session last July, in favor of the submission of all international questions to an impartial court or commission for investigation before any declaration of war or commencement of hostilities."

He said he hoped the congress would thus place itself on record as favoring peace.

Mr. Bryan congratulated the commercial congress for having had as their guests two members of the president's cabinet—Secretary Root and Secretary Shaw. "The two foremost members of the president's official family," he said.

Speaking of the South American trade expansion possibilities as set forth by Secretary Root, he said he did not agree with Mr. Root as to the methods suggested. He did not, he said, believe in subsidies. He said he had heard Secretary Shaw speak at the afternoon session also on the question of the trade expansion. He said that Secretary Shaw had presented the question in a pleasing manner, but Mr. Bryan took occasion to assert that many questions which are not logical must be presented in a pleasing manner to cover up their lack of logic.

Mr. Bryan then read a second resolution affecting trusts, which also, he said, he wished might be adopted by the commercial congress at its business session tomorrow.

Against the Trusts

This resolution, which Mr. Bryan said covered in a general way his hopes regarding trust legislation, follows:

"Resolved, That this congress is unalterably opposed to private monopolies, and, believing them to be indefensible and intolerable, favors the enforcement of existing laws and the enactment of such new laws as may be necessary to protect industry from the menace offered by the trusts."

Mr. Bryan said he was glad that at last all people had come to be opposed to the giving and receiving of rebates.

He spoke of the recent conviction of the sugar trust for receiving rebates, and he attacked the Standard Oil company which he declared had built up much of its business by operating in rebates. But legislation was needed, he said, not only to prevent railways from granting rebates, but those other great concerns from watering their stock.

An Angry Delegate

[illegible] of Denver, who, on Friday replied in a heated manner to E. H. Harriman's statements to the congress regarding railroad matters, again took occasion this afternoon to deny the truth of Mr. Harriman's claim that all freight rates go down rather than up, and to criticise caustically his statement that the government should give the railroads more power.

Destructive Fire Fanned by Gale at the Bay

SAN FRANCISCO, Nov. 22.—In a fierce gale blowing fifty miles an hour, the fire department tonight had the hardest battle with flames, which for a time threatened the lumber and now wholesale districts, since the disaster of last April. The fire started in the plant of the Barber Asphalt Paving company at Seventh & Hooper streets and driven by the high wind, the flames had already spread to the warehouse of the Whittier Coburn company, adjoining and were leaping toward the plant and storage tanks of the Standard Oil company directly across the street, when the fire department arrived on the scene.

Three calls brought twenty engines to the scene and soon many streams were playing on the flames from all directions. The firemen centered their efforts on preventing the fire from spreading to the lumber yards on one side and the wholesale district on the other.

It was only by the hardest work that the Standard Oil plant was saved. Had its many tanks filled with oil caught fire it would have meant the destruction of the lumber and wholesale districts.

The Barber Asphalt plant and the warehouse of the Whittier Coburn company containing over $200,000 worth of glass and large quantities of wall paper were completely destroyed. The loss of the two concerns is variously estimated from $300,000 to $400,000 with but little insurance.

Friday's Splendid Offerings in Desirable Domestics

We shall offer this Friday some particularly good values in towels and lace curtains—something every housewife is constantly in need of. Such substantial savings as these warrant a special trip to the store to procure them. Particulars follow:

Towels! Towels! All Kinds of Towels!

SQUATTERS RIGHTS IN GOLDFIELD UPHELD

Townsite Applications by Claimants Sustained by the Department of the Interior—Phoenix Mineral Locations in Camp Worthless

Of its own volition the United States government has taken a hand in the townsite troubles that have been hovering over Goldfield for more than a year past.

Uncle Sam says the squatters here are entitled to the land now in dispute between George Phoenix and scores of others who settled on land claimed by Phoenix. The decision reached by the interior department affects 2000 lots and improvements thereon, valued at half a million dollars.

Messrs. Wilson, Redington and Ogden, attorneys for the lot claimants, were yesterday advised by the department of the interior that on November 13 an order was made by G. F. Pollock that the townsite applications heretofore filed in behalf of the squatters would be granted, and that Judge Murphy, under said date, was ordered to give notice of the entry of said land as a townsite, and thereafter to take such steps as were necessary to confirm the title in the actual occupants thereof.

The patents, when issued for these lots, will not in any way conflict with lode mining claims within the boundaries of the townsite as surveyed and platted, and which are known to be valid, subsisting and actually worked as mining claims at the time of entry. Doubtless, however, the department will hold that mineral locations for speculative purposes and platted for townsite purposes will be canceled.

The First Settlement

Early in 1905 Geo. S. Phoenix began an action against persons who settled on land claimed by him under mineral locations. These persons became known as squatters, and refused to vacate the land. Since that time the matter has been before the courts. Now, however, the government comes to the front with the verdict that the squatters are entitled to the land now occupied by them, from which it is presumed all litigation will cease.

Suit has been brought by Phoenix vs. A. E. Frampton, the Broadway grocer, who is constructing the largest storeroom in this city. The action is to quiet defendant's title and enjoin him from building thereon. In consequence, work has been stopped.

Motion to Dissolve

Defendant's attorneys expect to take the matter up on Tuesday November 27, before Judge Murphy at Genoa, Nev., on motion to dissolve the injunction.

This is a squatter case and involves the question as to the right to title. Hearings on order to cause receivers receipts heretofore issued on Goldfield placer, conglomerate placer, French placer and Oasis and Grubstake fractions lode mining claims recently set for the 15th inst, but continued until the 22nd, will in all probability be continued until the middle of December. Messrs. S. Bell, Douglass and Vermilyea, Edwards and Stanley represent the mineral applicants, while Wilson, Reddington and Ogden represent the claimants.

NOYES GOES TO CALIFORNIA.

W. H. Noyes, wife and son left last night for San Diego, where they will make an extended stay. Mr. Noyes is one of the old timers of Reno and ex-county clerk and it has been many years since he has been absent himself from town.

RENO MINING MEN FORM LARGE CORPORATION

Articles of incorporation were filed yesterday with County Clerk Fogg by the Gold Horn Leasing company to do a general mining and development business.

The total authorized capital stock is $500,000 divided into 500,000 shares at $1 per share, of which $5000 is actually subscribed in sums of $1,000 by each of the following stockholders who constitute the board of directors: J. B. Menardi, W. L. Cox, James T. Boyd, C. T. Bender, and J. B. O'Sullivan.

The principal of the corporation is located in the Golden Block.

Another Nevada Mining Company

Another Nevada mining company, which has recently been organized and which has some encouraging prospects, is the Kimberly-Nevada Gold Mining company. This company was incorporated under the mining laws of the state of Nevada and has a capitalization of $1,000,000 shares, having a par value of $1 each. Its principal place of business is Kimberly, Utah. The stockholders are composed principally of Kimberly and Richfield parties, with A. W. Russell as president and A. C. Riser as vice president.

This property is situated in southern Nevada, about sixteen miles from the Colorado river, near Gold-Butte in Lincoln county. Assays taken from the out-croppings run as high as $200 in gold, with a trace of silver.

The management intends to push development work and something interesting may be expected from this property in the future.

A Real Gentleman

"And so you like to see me come much better than the other young men that call on your sister?"

"Yessir. You're the only one that doesn't hang his handkerchief over the keyhole."—Life.

Answered

"All the time when we see newly married couples we keep asking one another, 'What did he ever see in her?' The truth is he didn't see anything. Love is blind.—Somerville Journal.

TWO CENTS A MILE REDUCTION TO TONOPAH

T. & G. Railroad Announces Decrease in Fare Effective After First of Year—Second Reduction Since Beginning of Goldfield Boom

The Tonopah and Goldfield railroad has announced a reduction of passenger rates, effective on the first of January. The revised schedule provides for six cents a mile against the present standard of eight cents. This is the second reduction that has been made since the beginning of the Goldfield boom and the management thinks it is entitled to credit for recognizing the demands of the passengers who use the line between here and Mina.

The action would have been taken sooner had it not been for the interstate commerce law, which requires that a transportation company can not alter or revise rates without notifying the commission at Washington. This usually takes from three to four weeks to unwind the red tape that involves all government business, and then the new rate can not be made effective without another delay, and posting of the fact in all depots of the railroad company.

Train Warranted

The pressure of business is sufficient at present to warrant another train between here and the coast, but Manager Hedden has nothing to say about the Southern Pacific, which would have to be the first to make overtures. One primary objection to the addition of another train is the fuel famine which has affected the Southern Pacific to the extent that it has been compelled to extend the sphere of its oil-burning engines east of Sparks. The coal operators of the east are held responsible for the shortage, as they refused to supply cars, or allow more than a certain tonnage to be delivered during the dull season. Most of the output was restricted to Union Pacific and Denver and Rio Grande allies, which were kept well supplied with fuel, while the western lines were forced to take about enough to meet their regular requirements. It is this discrimination that the interstate commerce commission is now investigating in Utah.

Engines Short of Coal

Manager Hedden says that he is not to blame for the condition so he ranks with the victims. His line has had orders for six months, and is not able to procure coal enough to operate regular trains. During the last three months, Mr. Hedden has been wiring to his eastern connections to do the best they could to deliver the coal that had been ordered during the dog days, and all his inquiries are met by the statement that the shortage of cars will not permit the handling of coal.

TWO COUPLE UNLOOSE THE TIE THAT BINDS

Hallie Snyder was granted a decree of divorce from David R. Snyder yesterday in Judge Curler's court, owing to the default of the defendant.

The custody of Dewey A. Snyder the minor child of the marriage.

Caroline A. Austin also was awarded a decree of divorce from Levi E. Austin on the latter's default.

TO SELL PROPERTY.

In the matter of the estate of J. M. Lamb, deceased, an order signed by Judge B. F. Curler was filed in the county clerk's office yesterday, providing that the petition of George H. Meyers for the sale of personal property belonging to the estate be heard at one o'clock December 31, in the District court.

GOES TO BEACH.

Mrs. W. W. Goodrich has gone to Long Beach, Cal., to be benefited for nervous trouble. She was accompanied by her husband, W. W. Goodrich, an employe of the Dunn gallery.

JUDGE RICHARDSON HAS 71ST BIRTHDAY PARTY

Judge Richardson was tendered a pretty party yesterday by his wife and a few friends in honor of his seventy-first birthday. The guests gathered at the Richardson home on Fourth street, where amid decorations and congenial surroundings they talked of old times and the bright future.

A dinner was served by the hostess of the occasion. The diners expressed themselves unanimously that the spread was of the best. Those present were Mr. Boyd and wife, Mrs. James Torryson, Dr. Redman and wife and Charles Richardson and wife.

False Bravado

"They say you allow your husband to carry a latch key now?"

"So I do. But the key doesn't fit the door. I just let him carry it to humor him. He likes to show it to his friends, you know, and make them think he's independent."—Los Angeles Times.

The Knowledge That Hurts

Towne—So Dumley married a college woman. My! It must be fierce for him to be tied to a woman who knows so much he doesn't know.

WOULD BUY REALTY BUT NOT ANY TROUBLE

Senator Nixon Refuses in Letter to "Stand Pat" With Real Estate Dealer Who Asks in Letter for Assistance in Closing Commission Sale

Arguments will be heard this morning before Judge Curler in the district court in the case of John T. Read and Brother against Felix Vogliotti, wherein Reid sues to recover $825 alleged to be due as commissions on an attempted sale of Vogliotti's property on the corner of Virginia and First street.

The case will introduce some interesting testimony and will be watched with attention by the real estate dealers of this city. Jones and Pike are taking care of Vogliotti's side of the case, Lover & Huskey represent Reid.

Reid alleges in his complaint that he had a verbal contract with Vogliotti whereby the latter gave him authority to sell the property in question; that acting on this alleged authority he negotiated with Senator George S. Nixon and closed with the latter for $28,000. He declares that when he sent the deeds to Vogliotti, who at the time was in Santa Cruz, the latter refused to sign the instruments, because he himself through his agent, A. C. Norcross, had already sold the property to Senator Nixon for $35,000. This had been done seven days prior to Reid's effort to sell.

In defense, Vogliotti introduced in court a letter purporting to be from the real estate agent and addressed to George S. Nixon in which Reid said in substance that although Senator Nixon was about to pay $35,500 for the property, he (Reid) would be able to swing the sale at the figure first quoted by Reid, for $28,000, if Nixon would "only stand pat." Nixon's reply is also adduced in evidence and in it the senator declares that he is not seeking to purchase trouble or a law suit in Reno, but real estate, and declaring that he does not believe Reid is entitled to handle the property to be sold.

The testimony is all introduced, and the arguments this morning will be listened to with great interest by many of the real estate dealers and property owners of Reno.

MAKE CONTRADICTION OF BLIND MAN STORY

The following letter received yesterday by the Journal is reprinted:

"I noticed with much surprise in the morning's issue of the Journal a great misstatement of the case under the heading "Blind Man Helps Destitute Family," and I trust, with your usual liberality, you will give me space in your valuable paper to correct the story and give to the public the facts.

"On October 15th a man and wife and three children giving the name of John Gibson and family were admitted to the hospital. They were in a destitute condition. As there are no conveniences in the new hospital for families they were given rooms in the old hospital. A new cook stove was bought for their convenience, bedsteads, blankets and other supplies necessary for their comforts were purchased and used by them. They have the free use of the hospital, the wood pile, warm clothing was given them and all the food they needed. All they have to do is to carry it from the store room of the hospital.

"On the morning of October 31, a child was born to them. A woman nurse was then engaged by the county and remained with Mrs. Gibson for ten days. On the morning of October 31, D. Morrison, my nurse and the nurse engaged by the county to take care of the sick woman were with her from 2 o'clock a. m. until 7:30 a. m.

"Since her confinement Dr. Morrison and Dr. Lewis have attended her and everything possible for her comfort that could be done was gladly done. This is true not only of the doctors but of the hospital staff as well.

"With regard to the man's blindness, the statement is incorrect. He is not blind although his eyesight is somewhat impaired. This, however, has not led to the suffering as stated, because since coming here he has had all he wanted of the necessities of life as well as many of its comforts. The entire family is happy.

"Trusting that with your usual love of fair play and knowing you have always taken a lively and kind interest in the welfare of the county hospital and an interest in the county, I trust you will see fit to publish the facts. The public and yourself are always welcome to make inspection of the hospital at all times.

Truly Yours,

JOSEPH ODETT, Supt."

Attest. John Gibson and Minnie Gibson."

The ladies of the guild of the Episcopal church concur in the forgoing statement.

Mathematics

"For some time past I've been buying a dozen eggs every week at this store, and I invariably find two bad ones in every dozen. Something's got to be done about it," said an irate housekeeper.

"Well," said the new clerk naively and with a quiet smile, "mebbe if you only bought half a dozen you'd only get one bad one."—Grocer's Literary Gazette.

THIRTY-DAY OPTION ON VALUABLE LAND

Johnson and Morton Properties Said To Be Involved in Deal With Reno Development Company.—Senators Newlands and Others Interested.

It was rumored yesterday that the Reno Development company has procured a thirty-day option on the Morton and Johnson ranches a short distance below Reno and a deal partially completed which eclipses any of the recent accomplishments of the buyers.

Chris Johnson, owner of the land involved in the option, refused yesterday to confirm the rumor. Walter Morton asserted that the people who have the option on his place have paid $1,000 for the privilege of being given the exclusive right to buy it. The option, Morton affirms, extends for twelve days longer.

This additional enterprise is in line with the acquisition recently at an expenditure of about $200,000 of the DeRemer, Litch and Gibson ranches in the same section of Washoe county adjoining Reno on the south. With the acquirement of the two ranches from Morton and Johnson the tract to be exploited by the big corporation will be one of the largest suburban tracts in the west and being owned by men who have the interests of Reno at heart, it will mean much in the development of this country.

Associated together in the development of this property are Senator Nixon, Senator Newlands, T. B. Rickey, F. J. Peck, S. M. Sample, R. M. Price and other men prominently identified with Reno and state affairs.

CENTRAL GIRLS GET ADVANCE IN WAGES

Complaints Uttered Sometime Ago About Poor Service, Calling Attention to Low Rate of Salaries Calls For Remedy. Request is Granted.

The Central girls wear a happy smile these days and their voices come with more than usual sweetness over the line. They have been granted a raise.

Some time ago, in response to a complaint about the poor service here, uttered with all the vigor of outraged feelings by the Journal, the telephone official sent a representative to Reno to see what the row was about.

Manager Shear had been crying for more help, better equipments and salaries big enough to hold intelligent help in a town not used to the penury of a corporation's income. The complaint of the Journal was verified by the official who came, and Manager Shears requests, so often turned down, were granted for better equipment. No doubt this was done because of an indisposition to encourage threatened competition, rather than a desire to express any usual affection for Reno. After the equipment had begun to arrive, under Manager Shear's urgent demands, the unsettled difficulty of retaining good help at wages that were inadequate, remained open and Manager Shear kept on the track of the wage schedule until at last it came yesterday and the central girls are happy in consequence. They will not be so zealous in looking for more remunerative employment.

TONOPAH IS 'IN' ON THE WORK OF NEVADA LEAGUE

SECRETARY TAGGART, of the Nevada Commercial League, returned from Tonopah last night and reports another successful trip. Tonopah is emphatically "in" on the plans of the league, and will do her share, and perhaps more, towards the upbuilding of the interests of Nevada and the development of the industries of this state.

Not a prominent business man or broker, professional man or banker in the big camp but what enthusiastically endorses the work and the aims of the league and when Goldfield is visited Secretary Taggart expects at least to duplicate there what Tonopah has conceded.

Tonopah realizes with Reno the necessity for concerted action in getting before the world the unlimited possibilities of this state; Tonopah realizes with Fallon and with Hazen, with Ely and with Rhyolite, that what advantages one section is a benefit to all. Tonopah accordingly has pledged itself royally to the support of this work that the league is undertaking, and will do her share, if not more.

SPARKS

WARRANTS ISSUED FOR ARREST OF YOUTHS

Judge Richardson of Police Court in Reno Appears Before Pollock and Swears to Complaints Against Boys of Sparks for Alleged Mischief

Judge Richardson of the police court of Reno appeared before Judge Pollock in the justice court of Sparks yesterday and swore to a complaint against several John Does charging them with malicious mischief. The John Does in the case are alleged to be youths of the railroad town boys who have gone partially wrong through corrupting association.

Marshall Maley has the warrants and he will arrest the boys today at their homes.

The specific charge against the boys is the breaking of windows in the Rio Vista tract. The youths are said to have created a panic among the people there on several occasions by their actions. The damage resulting from their action is said to be $40.

ALL LOCAL LINES ARE PRESENT AT MEETING

All local roads were represented at a passenger meeting at the Knutsford hotel at Salt Lake yesterday.

Passenger affairs were discussed at length. The party rate question was brought up as were excursion rates, commissions, ticket extensions and other similar matters. While those who attended the meeting were reticent last evening as to what the meeting had come to a close without any definite action being taken, it is known that the passenger affairs similar to those mentioned were debated pro and con. A committee comprising General Agent J. A. Benton of the Rio Grande's passenger department, J. L. Burtner, district freight and passenger agent of the Salt Lake Route and Assistant General Passenger agent D. S. Spencer of the Oregon Short Line was appointed to carry out the matters taken up at the meeting and reach some decision upon the points involved.

Party Rate Discussed

As a result of the passage of the railroad rate bill railroads throughout the country have had their legal departments interpreting passages of the bill. Different interpretations have been submitted to different roads and as a result friction is arising continually. The interpretation of the passage on the rates has caused no end of trouble. Locally the roads are going ahead according to their own beliefs and there is no harmony among them. As has been explained several times the Salt Lake Route, Denver & Rio Grande and Colorado Midland and allied roads have put an end to party rates. An open party rate is offered by the Salt Lake Route but it is not at all like the old party rate which was made for traveling organizations and not open to the public. The Oregon Short Line has asserted that it is selling tickets under the party rate on certain conditions. The theatrical business is of great importance in railroad circles and the road which gets this business has an advantage of other roads which because they believed the selling of one reduced fare for entire troupes illegal sacrifice their share of the travel. To get together and come to some agreement on matters like these was the purpose of yesterday's meeting.

WINNEMUCCA FEELS THE COAL SHORTAGE

Commencing tonight the Winnemucca electric light plant will be shut down at 10 o'clock, this being necessary on account of the company's inability to secure coal for the operation of the plant. The water supply is only sufficient to keep the plant running for a few hours each evening.

The 10 o'clock service will be ample for many of the business houses but many of the company's patrons will have to use lamps or make other lighting arrangements. It is impossible to tell when the railroad company will deliver coal so that the lighting plant can be operated to its full capacity.

STEERAGE PASSENGERS ENGAGE IN FREE FIGHT

PHILADELPHIA, Nov. 22.—The steamer Haverford from Liverpool, fogbound inside of the Delaware Breakwater since Sunday, reached her wharf today.

While the big vessel was fogbound on Tuesday night, a free for all fight broke out among the 900 steerage passengers. Stewards who tried to quell the excitement were roughly handled and a panic prevailed until six of the ring leaders were arrested and placed in irons. They were turned over to the United States authorities here.

POODLE DOG AND DIAMOND LEFT WITH WIFE

Mrs. Ethel A. Wilson Comes to Sparks and Leaves to Escape Justice Court Proceedings—Sued For Divorce and Then Accused of Burglary

A Russian poodle dog valued at $150 and a diamond ring are gone from Sparks with Mrs. Ethel A. Wilson. Mrs. Wilson is alleged to have departed for the east while her husband has a suit for recovery of the articles on file in the justice court of Reno. James Wilson, a gambler and husband of the woman is said to have stated that he is glad now that the woman is gone.

James Wilson sued his wife for divorce but when the two threatened to live together and disagreed several times the attorneys in the case dropped out. Then matters seemed to be settled. But the husband claims the night they started to live amicably the woman stole his diamond pin. She is alleged to have left the next day with the Russian poodle dog.

Mrs. Wilson remained in Sparks one day. She was gone yesterday when the officers attempted to serve subpoenas on her for appearance in the Reno justice court.

When the news of his wife's departure was told him James Wilson was glad. He says now he can live in peace.

TRAIN GOING A MILE A MINUTE WRECKED

LAKOTA, S. D., Nov. 22.—Two men were killed and seventeen passengers were injured by the derailing at one o'clock this morning just beyond this place of the Oriental Limited train west bound on the Great Northern railway. The accident was due to spreading rail.

The train was going at sixty miles an hour at the time. The engine went to the north of the track, the tender to the south and the mail and baggage cars were shot into a field. The tourist coaches went down a six foot embankment. Most of the injured occupied places in these cars. Sixteen children, twenty men and twenty women had to be taken out through the window.

Among the injured were three soldiers and four Californians—Mr. and Mrs. J. Wintergreen of San Francisco and Mr. and Mrs. F. M. McCurdy of Colton.

RECORDER KEPT BUSY FILING REALTY DEEDS

Realty activity continues and there is no let-up in the quantity of business flowing through the office of the recorder. Not only are single lots active, but larger properties are changing hands and prices apparently remain good.

Following are the deeds filed yesterday with County Recorder Stoddard:

Andrew Litch to Owen Salsbury, lot 8 in block 2 of Litch's addition to Reno; consideration $10.

H. L. Cubbin to James Crawford, lot in Conner's addition to Reno bounded on west by Ralston street, south by Oak street, east by Nevada street and on the north line of section 11 in township 19 north, range 19 east; consideration $4,000.

H. H. Greer to L. F. Lehibus, lot in bank of Truckee, 110 ftx150; consideration $10.

L. E. Lehibus to H. R. Williams the property described in forgoing deed; consideration $10.

H. R. Williams some property as above deed; consideration $10.

David D. Elder and wife to Daniel Hoch and wife, lot 1 in block 2 of new south side addition to Reno; consideration $10.

J. S. Arnolds to A. H. Sherwood, lot on west line of Harris avenue in Fairfield Heights tract; consideration $100.

G. B. Ginocchio to H. J. Darling, two deeds conveying 20 lots, all of Ginocchio's property in Pownings addition except three lots; consideration $6,000.

Chester A. Pray of Wadsworth and John De Bahr of Reno to John Harmon of Chicago, the Tohoqua and Tohoqua No. 2 claims in an unorganized mining district in Washoe county; consideration $10.

A location certificate was filed by Oliver S. Alers and Charles Alford on the Goldbug claim in an unorganized mining district in Washoe county.

OPPOSE CURRENCY PLAN

OMAHA, Nov. 22.—The Nebraska Bankers' association today went on record as opposed to the plan of currency reform proposed by the committee of the American Bankers' association.

CRASH TOGETHER IN HEAVY FOG AT SEA

Details of the Fatal Collision Between the Famous Liner Kaiser Wilhelm der Grosse and the Royal Mail Steamship Orinoco

PARIS, Nov. 22.—Details of the collision between the North German Lloyd liner Kaiser Wilhelm der Grosse and the Royal Mail steamship Orinoco show that the German vessel was proceeding at seventeen knots an hour in a heavy fog and through a misunderstanding or neglect of signals the Orinoco at nine o'clock last night crashed into the liner's bow of the Kaiser, making a breach twelve feet wide and carrying away the stern of the Orinoco above the water line.

Four steerage passengers on the Kaiser were instantly killed, including one girl who was disemboweled. Several of the crew were hurt. The total injured list on the German steamer numbers eight. On the Orinoco although the boats were ordered cleared at once by the captain there was much disorder. One boat was swamped as it reached the water and five of the crew were drowned.

The damage to the Kaiser Wilhelm is estimated at $200,000. Her officers deemed it unsafe to proceed and went to Southampton. The Orinoco also returned to that port. The Kaiser's passengers will be transferred to the American liner St. Paul and the French liner La Lorraine sailing Saturday. The Orinoco's passengers, mail and cargo will leave for New York and the West Indies from Southampton next Monday.

Another Collision

NEW YORK, Nov. 22.—A great hole was torn in the side of the North German Lloyd steamer Main in a collision with the four-masted schooner May A. Neville in the ship channel in the lower bay today.

The ships' hatch on the Main was slightly injured but no lives were lost.

The Main was coming up the channel on her way from Bremen when she met the steamers Amerika and La Savoie going down the channel in company with the schooner Neville. Maneuvering to clear the outgoing steamer the Main got in the course of the Neville which was bowling along under full sail before a fresh wind. The officers of the Main endeavored to avert a collision but it was too late and the long jibboom and bowsprit of the schooner struck the big steamer fair amidships with terrific force, tearing a hole ten feet in diameter through her steel plate on a level with the steamer main deck.

Both ships reeled under the shock of the impact but the Main forging ahead tore off the schooner's bowsprit and a portion of her stem. The Main's damages were all above the water line.

The schooner was taken in tow by a tug and brought up the harbor. The Main proceeded under her own steam to Quarantine and her dock.

WIND TOPPLES WALL DOWN ON LABORERS

SAN FRANCISCO, Nov. 22.—Two laborers were caught beneath a wall which was blown down by the heavy wind today and received injuries that resulted in the death of one of them this afternoon. The wall was on the side of the burned brewery building at Eighth and Harrison streets. The men had been warned that in the high wind that was blowing the situation was dangerous.

When the crash came only two men were under the wall—Santos and Jesus Reyes. They were buried beneath tons of debris and were dug out with difficulty. Matos retained consciousness and directed the rescuers by his cries for help. His skull was fractured. Reyes had both legs broken, his skull fractured and several ribs broken. He lived only a few hours after being taken to the Central emergency hospital.

SPORTS

Gale on the Back Stretch at Emeryville

SAN FRANCISCO, Nov. 22.—Wind blew down the back stretch and affected somewhat the running of the horses at Emeryville today. In the fifth race Iras and Gloomy Gus fell on the first turn. Results:

First race, furlongs—Christine A. won, Prize second, Azura third. Time, 1:01.

Second race, furlongs—Meliorah won, Geomobin second, Illandi third. Time, 1:16.

Third race, 7 furlongs—Tavora won, Atkins second, Tim Joe third. Time, 1:26 1-5.

Fourth race, mile—Pollywon won, Harbor second, Bill ... third. Time, 1:4...

Fifth race, mile and sixteenth—Morendo won, Lubinsin second, Lazell third. Time, 1:48 4.

Sixth race, 6 1-2 furlongs—Burleigh won, Martinmas second, Rob Rigon third. Time, 1:21 4.

LOS ANGELES RACES MAY NEVER BE RUN

SACRAMENTO, Nov. 22.—The restraining order of Judge N. P. Conrey of the superior court of Los Angeles commanding Secretary of State Curry to refrain from filing in his office the ballots, returns or certificates of canvass of votes cast in election held in Los Angeles November 12th upon the question of the annexation of San Pedro to the city of Los Angeles has been served on Curry.

Up to 11 o'clock today no such returns from Los Angeles had been received at the secretary's office. The question of whether there will be races at Ascot Park, Los Angeles, hinges on the action of the secretary.

WOMAN'S FATAL SHOT

NEW YORK, Nov. 22.—Mrs. Ophelia Snyder shot three men this afternoon, fatally wounding one of them, Dr. Fred Ferhoff. The woman said Berhoff had stolen some jewels that she had brought from Paris. She is under arrest.

ACTRESS DIES.

NEW YORK, Nov. 22.—Helen Lambert, the actress, who was injured in the automobile collision in Central park in which Tom Cooper the cyclist lost his life, died today in Roosevelt hospital. This makes the third death as a result of the accident.

Delmar Jockey Club Done for In Old Missouri

JEFFERSON CITY, Mo., Nov. 22.—The supreme court today concluded the suit brought by Attorney General Hadley to oust the Delmar Jockey club from the state by issuing a writ of ouster.

Last summer a decision was rendered by the court that the club had violated its charter by allowing betting on the races after the repeal of the breeders law. Today's decision it is said is final.

CARLISLE INDIANS

NASHVILLE, Tenn., Nov. 22.—In a fierce gridiron battle on Dudley field today Vanderbilt defeated the Carlisle Indians 4 to 0.

Just at the close of the first half Bob Blake for Vanderbilt kicked a goal from the seventeen yard line and that was the only scoring of an intensely exciting game.

TEXTILE OPERATIVES MAY STRIKE MONDAY

FALL RIVER, Mass., Nov. 22.—The five Unions of Cotton mill operatives at special meetings tonight voted by large majorities to reject an offer of a ... per cent advance in wages and to go out on strike next Monday morning, unless the demand for a 10 per cent increase is granted before that time.

Mayor Coughlin is endeavoring to arrange a conference between the manufacturers and representatives of the textile council in order to prevent a repetition of the business paralysis of 1904-05 when the mills were idle for nearly six months.

Should a strike go into effect about ...000 would be thrown out of work and more than thirty corporations operating ... cloth mills would be affected.

There was very little discussion at the meetings tonight. The weavers union by a vote of 1,269 to 25 declared in favor of a strike should the full advance not be granted. The slasher tenders took the same position by a vote of 70 to ... the carders by 74 to 11, the loom fixers by a vote of 274 to 12 and the spinners by 127 to 11.

MISSING WITNESS PERHAPS WILL APPEAR

Case Against Caruso, the Famous Tenor, Goes on in New York Police Court Before Large Audience—Continued Till Monday

NEW YORK, Nov. 22.—Hannah Graham, the woman who caused the arrest of Enrico Caruso on a charge of annoying and mistreating her in the monkey house in Central Park last Friday, may appear in police court on Monday to press the charge against him. Just before court adjourned tonight at the end of the second day's hearing of the charge against the singer Deputy Police Commissioner Mathol, who is conducting the prosecution, said that he had little more evidence to offer. There was only one witness for the prosecution yet to be heard, he said, and when that witnss appeared he would require less than ten minutes to complete his case.

Despite the efforts of the police, it had been found impossible to present the witnesses today, but he felt safe in assuring the court that the person to whom he referred would be in court tomorrow. A report that the witness referred to was the missing Hannah Graham spread.

Hannah Graham dropped out of sight when she left the police station five minutes after she had preferred the charge against Caruso last Friday afternoon, and witnesses for the prosecution testified that the utmost endeavors had been made to find her but without avail. Should she appear she would furnish a sensation far greater than any which have marked the two days' hearing in the Yorkville police court.

To day was not without sensations. When court adjourned last night Caruso was on the stand, and his examination was resumed when the case was taken up today. Deputy Police Commissioner Mathol questioned the defendant concerning the case. Caruso acknowledged that he was in New York in 1904 and that on February 4 of that year he sang in "Parsifal" at the Metropolitan opera house. It was at this point that the real sensation of the day came. The wide doors directly behind the magistrate's bench swung open, and a woman in white and with a white veil drawn closely over her face, stepped into the room.

"Caruso, look upon this woman," said the deputy police commissioner, as the woman raised the veil and revealed her features. "Did you ever see her before?"

The defendant moved uneasily, hesitated and then replied:

"No, I have never seen her."

"Did you not, on the afternoon of February 4, 1904, during the second act of Parsifal, stand behind this woman in the Metropolitan opera house and subject her to exactly the same indignities to which it is charged Hannah Graham was subjected at the Central Park monkey house?"

"I did not," replied the witness hotly.

"I never saw the woman before, so far as I can remember."

"Is it not true that on that afternoon not only this woman, but other women were the victims of much indecent action upon your part?" persisted Mr. Mathol.

Caruso's counsel broke in with a vigorous objection, which was sustained.

It was reported in the court room that the woman in white was a member of the chorus of the Metropolitan opera house.

One of the diverting features of the day was the appearance for the defense of Dr. Adolph Danziger, former American consul at Madrid. Dr. Danziger testified that he was in the monkey house in Central Park during Caruso's visit there Friday and that he observed no improper actions on the singer's part. He declared that he had voluntarily come forward to testify in the singer's behalf because he knew him personally, knew him to be a gentleman, and the greatest tenor of this or any other time. Being a benefactor of humanity, he desired to protect Caruso not for himself but for his great career.

"I volunteered to assist Mr. Caruso in exactly the same way that I volunteered to assist Theodore Roosevelt to become president of the United States," said the doctor. He swore that from his observation it would have been a physical impossibility for Caruso to have acted toward any women in the monkey house in the manner described by Detective Caine yesterday. He stood within ten feet of Caruso at the time he was in the building.

Heinrich Conreid, director of the Metropolitan Opera Company, described Caruso's mannerisms much as did Dr. Danziger.

"To be brief, he is pompous, is he not?" asked Mr. Mathol.

"It would be more kind to speak of it as a habit," replied Mr. Conreid.

Several other witnesses testified as to the inability of Caruso to speak English and the court adjourned until Monday.

The police court room again housed a large crowd and hundreds were unable to gain admittance.

MEETING OF CENTURY CLUB.

In place of the evening entertainment as printed on the programs the Twentieth Century club will meet as usual today, Friday afternoon at Eagles hall at 3:15 o'clock. Much business of importance will be transacted. Mr. Charles Lewers has kindly consented to address the ladies and Miss Hazel Larcombe will give a recitation. A full attendance is desired.

AFTER GUILTY MAN.

Sheriff Clark of Elko county is in Mina looking for Robert Walther who is accused of having stolen a horse and buggy from Robinson of Elko. The property was located by Sheriff Clark at Ogden, Utah, and now Clark is after the guilty man.

DISASTROUS GALE SWEEPS GREAT LAKES

Lives Are Lost and Many Vessels Are Wrecked—Tremendous Sea Drowns Four—Barge Sinks With Captain and Crew of Six

CHICAGO, Nov. 22.—The tale of wreck and death in the great storm on the lakes last night is still coming in.

The barge Athens, in tow of the steamer Pratt, went down in Lake Erie in the storm last night. The captain and six of the men were probably drowned.

The steam barge Resolution, from Erie, Pa., to Toronto, sprang a leak here early today and sank. The crew put off in two boats. One containing five men reached the shore safely while the second was swamped, her six occupants being drowned.

Four men who were caught by last night's storm on the cribwork of the new breakwater at the entrance to Holland harbor on Lake Michigan, were washed away by the waves and drowned. The men could not gain the shore because of the immense sea. The life-saving crew attempted to aid them, but the waves were so high that no boat could live. Attempts were made to shoot a line at them, but the hurricane hurled the line back. When night closed the men were still clinging desperately to the cribwork. At daybreak today they were gone.

The Anchor Packing steamer Conemaugh upbound with a valuable cargo of package freight, is ashore on Point Pelee in Lake Erie, pounding hard and filled with water. The Conemaugh went on the point late last night during the gale. The crew of twenty-two men were rescued by the life-saving crew from Point Pelee.

Capsized in a stiff gale while hunting in the marsh miles from any habitation yesterday afternoon, Fred K. Marshall, a prominent business and club man of Sandusky, O., and Otto Zeistel, his companion, reached the shores of Cedar Point after a terrible struggle in the prevailing storm. Zeistel fell dead from exhaustion as he reached the land. Marshall was exposed all night and did not get word here until early today.

The steel steamer Chauncey Hurlburt, bound for Buffalo, is aground off Leamington.

The steamer Frontenac has reached Chicago safely, having put back to the west shore after the storm struck it in mid-lake.

Tonight it is said that the captain of the life saving crew has sighted three barges at anchor in Lake Erie below Point Pelee. The Clint is believed to be one of the three, the other two being thought to be the barges Melvina and Spadeban cast away by the steamer K. Martin when she ran into Amherstburg yesterday for shelter.

With her rudder gone, her upper works washed away and her crew missing, the Panama, of the Davidson fleet, was found beached today on Mineral Reef Point, fourteen miles west of Ontonagon. The wreck lies on an uninhabited stretch of coast, the nearest settlement being Iron river, many miles away. The wreck was discovered today by the crew of the tug Tramp. The Panama's tow barge Matanzas was cast away yesterday when the two vessels were laboring in the big storm that swept the lakes. More fortunate than the steamers Matanzas has kept afloat until today, when she was sighted near Ontonagon and towed safely into port. The Panama is said to be damaged to such an extent that it will be impossible to float her again.

REMARKABLY RICH ORE FROM FRANCES-MAHAWK

Seven thousand dollars is quite a little sum of money to be tucked into a chunk of rock that a strong man is able to lift, so is $5,000. So also is $2,000, but these are the sums that D. Mackenzie says are in specimens on his table that were taken out of the Frances-Mohawk, says the Goldfield News.

A cursory glance is sufficient. One of the pieces has been broken open and shows seams of pure gold from one-quarter to over half an inch in thickness. The balance of the rock is as heavy with tellurium and sylvanite as the matrix can possibly contain. The Frances-Mohawk broke into this ore yesterday. It was still wet with moisture when shown. Mr. Mackenzie prophesied that he will produce between $2,500,000 and $3,000,000 before the expiration of his lease on January 8. The ore body is between twelve and fourteen feet in thickness and the returns from shipments are now upwards of $250 to the ton.

The second dividend from the Frances-Mohawk is being sent to stockholders. It is at the rate of ten cents per share.

WESTERN PACIFIC FINISHED IN 2 YEARS

Contractors Say Gould's Transcontinental Line Will Be Completed and Cars Running in 1908.—Tunnels Cause Delay in Construction.

That the Western Pacific will be finished in two years is the belief of the contractors who have charge of the tunnel work at Springarden. Manager Shear of the local telephone company was inspecting the operations there a few days ago and he was told by the men in charge of the work that the Chilcoot tunnel will be finished in that time. When this is done the tracks will be laid up to the tunnels on both sides and trains will be operating.

Work engines are already running on improvised tracks of the Western Pacific. The engines haul cars of dirt in one instance to a "fill," one-half mile west of Vinton. The fill is fourteen miles length and the average depth is said to be 28 feet. This will make a gigantic fork for the contractors.

In the tunnels 600 feet has been finished at Springarden. Over 5,000 remains to be dug. At Chilcoot the labor is progressing at the rate of eight feet a day. Six hundred men are at work here. The wages paid are said to be the highest in the history of railroading and yet the number of men procurable is scarce.

WOMAN LEADS CLAIM JUMPERS.

RAMSEY, Nov. 22.—There is a raid being made by claim jumpers here, and trouble is feared. The jumpers are headed by a woman and the claims are being grabbed because of alleged failure on the part of the original locaters to do sufficient location work within the required time. Much of this failure to do sufficient work is due to oversight or negligence and there is much feeling here on what is regarded as a raid on rights.

CAPTURED IN THE ACT.

James Carey, who attempted to get away with a suit of clothes from Jacob's clothing store on Commercial Row yesterday without paying for it, yesterday afternoon was captured in the act by Chief Leeper. The man put up a fight but was taken along just the same, and locked up where he belonged.

SECRETARY TAFT NOW SNEERS AT CONGRESS

In Connection With the Dishonorable Discharge of Negro Soldiers He Says National Body Has Investigated Everything He Has Ever Done.

WASHINGTON, Nov. 22.—Secretary Taft said today that he had not considered any action by congress in relation to the discharge of the negro troops who "shot up" Brownsville, Texas.

"But there is one thing I have learned that congress can do," he said, laughing: "it can investigate. I know that from experience, for congress has investigated everything I have ever had anything to do with."

The three companies of negro troops dishonorably discharged from the United States army by President Roosevelt will be taken to Chicago, Philadelphia and New York, according to a plan announced today.

The movement was started by the citizens of the three cities. According to this plan the former soldiers will be clothed and cared for by the committees and employment eventually found, and plans have been so arranged that any citizen who is interested in the case and who desires to hear the soldiers' side of the story will have access to the men. At present the dismissed soldiers are at Fort Reno, Okla., where they were discharged today.

Big Reductions In All Dress Hats

Miss Byrne will during the next few days dispose of all of her $5.00 trimmed hats for $2.95. A new line of attractive $4.95 hats have also just arrived. All patrons of these well known millinery parlors will find great reductions in all hats and that exceptional inducements to select one. 22-23

THANKSGIVING SERVICES.

The Union Thanksgiving services will be held at the Methodist church Thanksgiving morning at 10:30 o'clock. The sermon will be delivered by Rev. A. [illegible] Smith of the Baptist church, and [illegible] music will be rendered by the choir.

Many new things in wallpapers. Porteous Decorative Company.

STOCKS, MINES AND MARKETS

PRICES CONTINUE TO DECLINE SLIGHTLY

Though Bullish Tendency Is Observable, and Demand Sharp, the Bears Have Another Day on the Local Stock and Bond Exchange.

Another busy day on the local stock and bond exchange was the occasion of the other decline in prices. This is a condition affording much room for speculation and there is a definite sentiment that there will be no permanent slump in any of the securities. Mohawk, for instance, which suffered a slight relapse is not considered permanently on the down grade; Yellow Horse which is selling for a low figure but until recently on the up grade has also gone back, and so it is with a number of the other properties. Nevertheless the bulls are confident and trading is lively as ever.

DEVELOPMENT AT SEVEN TROUGHS ENCOURAGES

District in Northern Part of the State Sends Promising Reports and Is Declared to Be a Great Country—Active Work Now in Progress.

Judging from the statements made by returning mining men concerning the Seven Troughs district, thirty miles west of Lovelock, that newly opened mining section is destined to become one of the greatest in this state of great districts. For the amount of work that has thus far been done at Seven Troughs the showing made is nothing short of marvelous.

The Fairview company, which has just begun operations, has a shaft down about 40 feet, and the ledge, which was 18 inches at the surface, has widened to four feet the values, particularly those in gold are constantly increasing.

The whole ledge at a depth of forty feet is in shipping ore and consignments will begin the early part of December. It is the purpose of the company to develop the property as fast as conditions will permit; at present three eight-hour shifts are kept busy in the shaft. Arrangements are being made to begin work in other parts of the property.

The property of W. R. Moler, located about a quarter of a mile from Vernon, is making a splendid showing. From a six foot hole and a small open cut, a car of high grade shipping ore has been sacked and the ledge has been uncovered for several hundred feet by means of cuts. In every cut a high grade of ore has been found. The ledge is between three and four feet wide. Moler intends to begin shipments of ore at once.

Another group of claims on which work is being vigorously prosecuted is that belonging to John Cleghorn. The deepest shaft is about fifty feet and everything indicates that this property will be a great producer. This work is being done by leasers who state that shipments will begin within a month's time.

The porphyry belt at Seven Troughs is about eight miles long by two miles wide and the properties mentioned are the only ones on which any work whatever has been done so as a matter of fact the district cannot be said to be developed to any great extent. What further work will develop there, is a matter not altogether of conjecture, seeing that even what little that has been done, shows such surprising and encouraging results.

Until recently work in the district has been retarded because practically all the ground had been located and the owners showed no inclination to either lease, sell or bond. This is a temporary condition, however, and will be changed from now on as several of the owners have stated their willingness to lease or bond, on very liberal terms to the end that the district may come into its own.

The Vernon Townsite company has been doing a very active business of late. Nearly all the lots on the principal streets have been sold. The Smythe addition to Vernon has just been placed on the market and already many of the best lots have been spoken for or purchased.

If the camp proceeds according to the gait set by itself during the next few months, the camp will take rank among the leaders of the Northern Nevada wealth producers.

JUMBO DISTRICT COMPARED TO COMSTOCK

Selby Consolidated Mine is Declared to Have Found the Original Comstock Ore Zone and Shows Great Similiarity to that Property

A well known and old time mining engineer whose reputation throughout the state as an expert on mines cannot be questioned, has returned from a trip to the Old Jumbo district with enthusiastic reports of that district. He has some startling assertions to make regarding the properties there and declares that Jumbo will duplicate the Comstock in its best days.

"The strike on the Selby alone," he says, "will make good this assertion. The Selby Consolidated has opened up the long lost ore zone of the Comstock," he declares. "The bluish gray quartz being taken out is identical with the ore first found on the Comstock. It will prove to be one of the biggest mines in the state.

"I went into the long tunnel in the Red Top and found the whole breast in ore. The company is driving on the hanging wall and there is no sign of the footwall in sight yet. I panned the rock everywhere and didn't get a single blank—all showed gold.

"I went down the shaft to the 100 foot level where in a drift I saw what appears to me to be the biggest body of ore yet. I panned the ore for thirty feet along this drift and found values in every pan. The only difference between the Comstock and the Selby is that the latter carries a larger percentage in gold."

Edwin Arkell is the Reno mining man who promoted the interests of the Selby company and has seen the stock advance from twenty cents to seventy-five cents a share, with no appearance of having reached its limit by any means. The stock is in great demand.

Window shades, curtain rods and poles. Porteous Decorative Company.

LACK OF LABOR IS ONLY THING TO BLAME

Rosebud District With Its Unfolded Riches Awaits the Coming of Skilled Workmen to Tap the Gold Bearing Ore There.

Frank D. Spitler arrived from the Rosebud district after having made a trip to the Walker reservation and is returning now to the northern camp. He is enthusiastic over the prospects for the future in the raw camp of Rosebud, and carries with him, in the shape of assays, evidence of his faith.

The Rosebud district has been retarded somewhat in development work on account of the scarcity of labor. It is almost impossible to secure sufficient skilled or unskilled help and efforts are now being made in Reno to get miners, at good wages, into the new and promising district.

Spitler owns about fifteen claims in that country, and George Wilson, of the Nevada Superior company is even a larger holder. Both these men are experienced mining experts and their judgment as to the value of mining property would be accepted almost anywhere without question. The fact that they propose to develop their holdings at once is evidence of the possibilities wrapped up in the Rosebud petals and locked in the hills of that rich country.

It is an undisputed fact that ..., who has recently made a tour through that district is interesting himself in its possibilities. It is authentically stated that not less than $500,000 is the amount he has placed in a Nevada bank which sum is to be spent in that community. Agents have been investigating the resources of the country and as a result a spur of the railroad will lead into the district to tap it for the shipments of rich ore that will be made as soon as the mines are opened up.

NEW YORK STOCK MARKET SHOWS ADVANCES

Character of Stocks Affected Make Movement Unsettling Rather Than Stimulative—Great Northern Goes Down hile Union Pacific Goes Up

NEW YORK, Nov. 22.—The stock market still showed strength and breadth of activity today. In some instances the advances were sensational. The character of several of the stocks which were thus affected, however, was such that the sympathetic effect on the general list was unsettling rather than stimulative. The publication of the terms for participation of Great Northern stockholders in the benefits of the ore lands contract did not have the effect expected. The valuable nature of these benefits was beyond dispute, but this transaction has served so long as the mainspring of one speculative movement after another while held in the confines of vague conjecture that doubts are felt as to what can take its place with equal effect, now that it is definitely outlined and therefore placed without the realm of speculation.

This impression on sentiment, was clearly manifested in the movement in the Great Northern preferred itself, which started downwards from the outset. Northern Pacific moved in sympathy. The feverish fluctuations in St. Paul also kept sentiment constantly shifting. The most substantial example of strength in the market from the speculative standpoint was Union Pacific, which moved aggressively away from St. Paul, after having been crossed momentarily by the 7 per cent payer earlier in the week.

A revived discussion of a southern iron merger was reflected in that group of which Virginia Iron, Coal and Coke was the conspicuous figure with a buoyant rise at one time of 13½ over last night. The coalers also made sensational jumps, apparently on the drawing of an analogy between the Great Northern distribution and what might result from a separation of coal mines and lands from railway company ownership.

Bonds were irregular. Total sales, par value, $2,104,000.

Treasury Balances.

WASHINGTON, Nov. 22.—Today's statement of the treasury balances in the general fund shows: Available cash balance, $220,321,760; gold coin and bullion, $116,856,578; gold certificates, $57,167,590.

The Money Market

NEW YORK, Nov. 22.—Close, prime mercantile paper 6@6½ per cent; sterling exchange steady, with actual business in bankers' bills at $4.85.65@70 for demand and at $4.80.45@50 for sixty day bills. Posted rates, $4.81½@4.85½. Commercial bills $4.80⅜¼c. Bar silver 70¾c; Mexican dollars, 51½c. Government bonds firm, railroad bonds irregular.

Hill's Ore Certificate

NEW YORK, Nov. 22.—The Great Northern ore land certificates were quoted on the curb today at 88½@90. About 1300 shares have been traded in so far, sales being made from 91½ down to 88½.

Grains and Provisions.

CHICAGO, Nov. 22.—Weakness in the wheat market developed after trading was well under way. During the first hour sentiment in the pit was bullish because of continued small receipts in the northwest. Toward the middle of the session selling became more active and the market eased off. Later a decline of 1⅛c in the price of December wheat at Minneapolis increased the selling here and caused a still weaker feeling. The local market was also depressed by the fear of liberal deliveries on December contracts. During the last hour local longs and cash houses were free sellers of December. The market closed weak. December opened unchanged to a shade lower at 73⅝c to 73¾c, sold at 73⅞c and then declined to 73⅛@¼ closing ⅜c to ⅝c net lower.

The feature of trading in corn was profit-taking in the December delivery. Other deliveries were steady. December opened unchanged to a shade lower at 42⅛c to 42⅜c, sold between 42¼c and 42⅝c and closed at the lowest point, ⅜c to ½c net lower.

Trading in oats was quiet and with the exception of a slight decline in the December delivery the market was steady. December opened unchanged at 33⅝, sold between 33⅝@¾ and 33¼c and closed ⅛c to ¼c off at 33⅜@½.

Provisions were firm at the opening. Later the market became weak on selling caused by a reported increase in the local stocks of pork and lard. At the close pork was off 20c at $14.57½. Lard was down 12½c at $3.45 and ribs were 10@12½c lower at $7.72½.

Chicago Livestock

CHICAGO, Nov. 22.—CATTLE—Receipts 6500, strong. Beeves, $4.00@7.40; cows and heifers, $1.75@5.20; stockers and feeders, $2.40@4.50; Texans $3.75@4.60; westerners $3.90@6.10; calves $6.25@7.50.

HOGS—Receipts 15,00; market 5@10c higher; mixed and butchers, $6.00@6.42½; good heavy, $6.25@6.45; rough heavy, $5.95@6.10; light, $6.00@6.40; pigs, $5.60@6.10; bulk of sales, $6.15@6.35.

SHEEP—Receipts, 15,000; market strong; sheep, $3.75@5.50; lambs, $1.60@7.65.

Wool Market

ST. LOUIS, Nov. 22.—Wool, steady; medium grades, combing and clothing, 23@27c; light fine, 18@21c; heavy fine, 14@16c; tub washed, 32@37½c.

Copper and Lead.

NEW YORK, Nov. 22.—Copper and lead firm, unchanged.

CHRYSANTHEMUM TEA.

The St. Margaret's Society will give a tea, pastry and fancy work sale at the home of Mrs. R. W. Parry, Sierra and Fourth streets, on Tuesday afternoon and evening, November twenty-seventh. Evening admission of twenty-five cents, includes a splendid program and refreshments. n-22st

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say—he never was sick since using Ballard's Horehound Syrup. Such a man exists, Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last a llwinter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by T. R. Cheatham, Reno and Sparks Drug Co., Sparks, Nev.

LEGAL ADVERTISEMENTS

ASSESSMENT NOTICE

Orr Ditch and Water Company, location of property, Washoe County, Nevada. Place of business, Reno, Nev.

Notice is hereby given that at a meeting of the board of directors of the [illegible] company held on Thursday, Nov. [illegible], an assessment (No. [illegible]) of [illegible] was levied [illegible] of said company, payable [illegible] in United States gold coin to the treasurer, the Washoe County Bank. Any stock upon which the assessment shall remain unpaid on Saturday, Dec. 1, 1906, shall be deemed delinquent and will be advertised for sale at public auction, and unless payment is made, will be sold by the secretary at the office of said company, on Monday, the thirty-first day of December, 1906, at 2 p. m. of said day, to pay the delinquent assessment, together with costs and expenses of sale.

By order of the board of trustees.

(Signed) C. GULLING, Secretary

s21d

NOTICE TO TAXPAYERS

Notice is hereby given that I have this day received from the County Auditor of Washoe county, Nevada, the Assessment Roll of said county for the year 1906, and that the first installment of state, county and special taxes, as noted therein, is now due and payable at the office of the county treasurer; that all taxes, the first installment of which has not been paid, will be delinquent at the close of official business, Monday, December the third, 1906, after which date ten per cent delinquency will be added

To all taxes amounting to over three hundred dollars, exclusive of poll taxes, on which suit shall have been commenced, twenty-five per cent as additional penalty will be added.

D. B. BOYD, County Treasurer

Reno, Nevada, November 5, 1906. n6m

NOTICE TO CONTRACTORS

Sealed proposals or bids will be received by the city council of the city of Sparks, at the office of the mayor of the said city, up to 12 o'clock, noon, on the 26th day of Nov., 1906, for the grading of Harriman Ave. according to the plans and specifications on file in office of the mayor as above stated. Each bid must be accompanied by a certified check in the sum of 10 per cent of the amount bid, drawn upon some reliable bank in favor of G. A. Mampherson, city clerk of the city of Sparks, as liquidated damages in case the successful bidder fails to file a satisfactory bond as required by said city council within five days, for the faithful performance of the conditions of the contract.

The council reserves the right to reject any and all bids. Address all bids to the city clerk of the city of Sparks and endorse them "Bids for Street Grading."

By order of the City Council of the City of Sparks.

W. E. DALTON, Mayor

Attest:
G. A. MACPHERSON, City Clerk. n14w2

NOTICE

All persons are hereby warned not to purchase any stock or interest therein evidenced by a receipt for the same issued to R. A. Trimble for certain shares of stock of the Sel Consolidated Mining and Milling Company of Reno, Nevada, by the secretary of said company, the same being in the name of said Trimble but claimed by others and the owner ship in dispute.

S. M'DOWALL, Attorney for Claimants.

EDITORIAL COMMENT

THE TRYOUT OF RUGBY

FOND parents all over the country ought to cheer at the result of the first game of Rugby football between Stanford and California universities. Not a back broken nor a head cracked, and yet everybody enjoyed the day. Even participating students say it was good sport and are not only eager for another game but are physically able to play it and that's certainly a novel, after-the-game situation. The introduction of the English game was agreed on by a committee of college men a year ago, as an experiment, in the endeavor to reduce the mortality list, to check the human sacrifices offered each season in the name of college sport. The two California universities were the first to abandon the old intercollegiate game, and to express a willingness to try Rugby. The result was a good, clean, exciting contest with no surgeons chasing each other over the field and sending thrills of terror up the spines of nervous spectators. Naughton, the western sporting authority, says of last Saturday's game: "It was a game in which the interest never lagged. There was so much action and so much change that the crowd was kept guessing from first to last. It was such a fast game that the players gaped like chickens bereft of water. It was a fumbling game, but a gritty game, and it established the reputation of Rugby football as a clean, snappy, entertaining form of gridiron pastime."

Tariff Reduction

DID you notice that the thresher manufacturers in the East, last Wednesday, demanded a reduction in the tariff? That is one of the signs of the times. Here the G. O. P. leaders have been talking "Stand Pat," until they have let the people get away from them and now the manufacturers are following the people.

Nevada is naturally interested in watching the growth of sentiment throughout the East in favor of a reducion of the tariff tax. Everything that comes into this state has to pay that tariff as it now stands—steel, iron, woolen clothing, lumber for building, coal for fuel—besides being taxed to the utmost limite for railway freights before it starts on a journey to the mining samps.

Thanks to her inexhaustible mineral wealth, this state can stand the expense better than any other commonwealth in the Union, but why the farmers and manufacturers of the east and middle west should ever have imagined that the protectove tariff, so-called, could help them, when it adds to the cost of all supplies and materials and is the one thing that makes the trusts possible, beats us.

But the whole country is commencing to understand this question and there will be a revolution in the tariff views of the majority in power before the end of the decade.

THE action of President Roosevelt in dismissing, without honor, from the service of the United States three negro regiments stationed at Brownsville, Texas, has occasioned much unfavorable comment, but without just cause. Soldiers in those regiments started a riot, and murdered citizens of Brownville. Their companions in arms shielded the criminals, and dismissal from the service was the natural results. How the President could have done otherwise than what he did the Journal fails to see.

THE Japanese emigration to Hawaii is increasing to such an extent that Japanese emigration companies are preparing to send to the Islands by next June 20,000 laborers, which the regular transportation companies were unable to handle. It is news like this that tends to confirm one's opinion that Uncle Sam's next row will be with Japan—a struggle that will probably involve the control of the Pacific.

ATTRIBUTING his failure at the last French election to the frequent break-downs of his motor car, a candidate has brought an action against a motor manufacturer and claims $2,000 damages. In this section the use of a motor-car for campaign purposes would about finish a candidate's chances.

THE successor of John Alexander Dowie dates the commencement of Dowie's downfall from the time he had his picture taken in evening clothes. Even as far as Chicago, it seems, the spiketail coat is a sign of degeneracy and decay.

JOSEPH H. CHOATE was asked to define the difference between Ex-President Cleveland and President Roosevelt. "Well," he said, "Mr. Cleveland is too lazy to hunt and Mr. Roosevelt is too restless to fish."

POSTMASTER GENERAL CORTELYOU is the only member of the cabinet who wears his hair cut pompadour and there is hope even of his reformation.

SENATOR FORAKER'S presidential boom seems to have "died a-bornin'."

"IN the providence of God, the energy of the people and the aid of outside investors, the state of Nevada has prospered," is the way the proclamation for Thanksgiving day issued by Governor Sparks of Nevada starts out. That is a virtual admission that God can't do much with Nevada without the other two aids, says the Grass Valley Union. Not at all, neighbor, Governor Sparks believes that God helps those who help themselves.

ONE reason that coal is so high in Nevada is that President Roosevelt in his efforts to prevent the land grabbers from getting hold of all the coal lands in Wyoming, Colorado and Utah, has retired a lot of those lands from public entry. Therefore the coal trust of the states (which means the railroad) has a monopoly and the innocent consumer must suffer for the sins of the guilty grabber.

THE Russian governor whose life was jeopardized by an attempted assassination because of his humane and just treatment of the workingmen, furnishes good evidence to the effect that the revolutionists in Russia are in the business more for politics than for the betterment of their fellows.

A MOVEMENT is on foot to make Bryan and Folk the Democratic nominees for President and Vice-President in 1908. It goes without saying that no ticket more acceptable to the voters of Nevada could be put forth by any party.

DOWDALL, the man who is doing fifty years in San Quentin by mistake, refuses to sign the papers that will procure his release. It seems almost a pity to balk the unamiable criminal in his apparent desire to finish his term.

THE Examiner now gives a prominent place daily to the transactions of the San Francisco Exchange in Nevada mining stocks. It's good advertising, and it counts.

RIDGEWAY'S says that since the discovery of gold in Nevada the Sagebrush state has surpassed Wyoming in population. Thank Heaven, there is at least one state behind us.
